IoT Plans (continued)

Included Features with these plans:

- No roaming fees
- Data only plans - These are data-only plans for connected devices only (modem, tablet, hotspot, remote monitoring, and router).
- Standard 75%/100% overage notifications apply.
- On-network usage is not throttled.
- Off-network usage is throttled after 400MB (current standard policy).
- Data cap of \$200 per subscriber (current standard data capping option; not specific to on-network or off-network). (i.e., if a subscriber uses more than \$200 worth of data, they'll still only be charged \$200)
